SUMMER UPDATE

THANK YOU TO PAC AND OUR ARES FAMILIES! WE HAVE A NEW PLAYGROUND

We are amazed and so proud of our ARES families. With the Playground Committee at the lead - *who contributed NUMEROUS hours into this large endeavour (Laurianne Mehrer, Kelly Benko, and Carla Ahern)* - a crew of people arrived each day and together we built a playground. Jen Felitsyn and Dana Roch ensured that our volunteers were well taken care of, by providing a steady flow of food and refreshments throughout each of the three days. Thank you all for making this fabulous playground a reality. How fortunate our ARES students will be for many, many, many years to come.

OUR SCHOOL COMMUNITY PULLS TOGETHER

We are very appreciative of the ARES students who helped with this massive project. We had some former students, new students, and others who are moving on, all hauling wheel barrels, passing screws, and digging holes. Many children spent 8-hour days hanging out at ARES, keeping themselves entertained, while parents worked hard. Older students cared for younger students and it felt like one very large and supportive family.

SUCH A DEDICATED TEAM

Our School District's Maintenance staff have also dedicated many hours to this project. Thank you Al Stang, Don Sommerfeld, Aaron Murphy and Anthony Fleck and to our custodians Aaron Bennett and Joyce Johnson, who were extremely patient as we continuously wandered in and out of the building throughout the day using washrooms and eating delicious lunches in the gym.
