

AP 2301: Student Eligibility for Extra-Curricular Activities

1. In order to participate in an extra-curricular activity, students must be enrolled in the school where they intend to participate. However, subject to any regulations established by BC School Sports, a student may participate in another District school's extra-curricular activity provided that:
 - 1.1 the activity is not provided at the District school in which the student is registered;
 - 1.2 both school Principals agree; and,
 - 1.3 the receiving school is able to accommodate the incoming student without displacing a student who wishes to participate in that particular extra-curricular activity.
2. Students are required to maintain regular attendance, satisfactory behaviour, and achievement in order to participate in an extra-curricular activity.
3. The Principal may withdraw extra-curricular participation from a student if the student does not maintain satisfactory attendance, behaviour and achievement.
4. All decisions about participation are at the Principal's / Superintendent's discretion.
